

“MORE THAN TANGO”

A Buenos Aires Tango Experience.

15 days of dancing, learning and living tango in the city where it was born.

February 1st to 15th 2027

Hosted by Berna, Marina and Rodrigo

Dear tango lover,

For many years, we have shared tango together in Copenhagen, in festivals, in workshops and in milongas.

Now we would love to invite you to **Buenos Aires** — t*he city where our own tango story began.*

This journey is not designed as a traditional tango tour, but as a small and personal immersion into the tango life of Buenos Aires. During two weeks together, we will share classes, milongas, cafés, music, conversations and daily life in the city we love.

At the heart of the experience is the tango festival “Siga el Baile” where Marina and Rodrigo will both be teaching and working as part of the organizing team. Rather than attending as tourists, we will experience the festival together from the inside — and this is just the beginning, because after the festival is over, we will continue with much more tango and deeper connections tailored specially for our group.

The group will be intentionally small, creating space for closeness, authenticity and a relaxed rhythm for you throughout the journey.

This trip is for dancers who want more than just classes and sightseeing. It is for those who want to experience tango where it truly lives.

Love,

Berna, Marina and Rodrigo.

THE JOURNEY

PHASE 1 — Arriving in Buenos Aires

February 1–3

The first days are about slowing down and entering the rhythm of the city.

We will settle into Buenos Aires together through shared meals, first walks through the neighborhoods, afternoon tango classes and our first nights in the milongas.

These days are designed to create connections — with the city, with the music and with each other.

PHASE 2 — Festival Week

February 4–7

During these days, we will experience the festival "Siga el Baile" together — not simply as visitors, but as part of the community behind it.

As teachers and members of the organizing team, Marina & Rodrigo will share an inside perspective of the festival atmosphere, bringing the group into the energy, emotion and social life that makes this week so special every year.

Together we will experience:

- Tango classes.
- Performances.
- Social dancing.
- Late-night milongas.
- Live music.
- The international tango community gathered in Buenos Aires.

More than attending a festival, this becomes our shared festival experience together.

PHASE 3 — Deeper Immersion

February 8–15

After the intensity and energy of the festival week, the journey begins to slow down.

These final days are about going deeper — into the dance, the music, the city and the experiences of everyday tango life in Buenos Aires. Also, we will be travelling outside Buenos Aires to experience Argentine folk dance and enjoy a day of barbecue! (Argentine asado).

We will continue with tango classes by world top maestros and milongas, but with a more relaxed rhythm and more space to absorb everything. At this stage of the journey, all group lessons will be supported by professional taxi dancers, giving you the opportunity to dance every exercise with experienced partners and receive more individual attention.

There will be time for:

- Deeper dancing with professionals.
- One to one corrections by top world teachers.
- Traditional milongas.
- Discover more of Argentine culture beyond Buenos Aires.
- Moments that often become the most memorable part of the trip.

By this point, Buenos Aires no longer feels like a destination to visit — it begins to feel like home.
